## **Brilliant start in Geneva - Westhive opens new location with renowned customers**

**Geneva, 26. Of September 2023 — In summer, Westhive AG, one of Switzerland's largest providers of flexible office space, opened its seventh location in Geneva's new Pont-Rouge business district. The first tenants in the approximately 4,500 square meter workspace of Westhive in the Alto building include Microsoft, Chain IQ and Snowflake.**

In mid-September, the brand-new Alto building in Geneva Pont-Rouge was officially and ceremoniously opened. Westhive AG operates its seventh location here on around 4500 square meters. The new location includes not only private team offices and individual workstations, but also a dedicated fitness center for Westhive members, a gastronomy area with two restaurants, a roof terrace and a large event and conference center.

Already at the opening, the new location in the Alto building in the immediate proximity of the SBB Lancy Pont-Rouge train station is experiencing strong demand and well-known tenants. Microsoft AG, for example, is relocating the headquarters of its Geneva branch to the Westhive offices. Chain IQ, one of the world's largest procurement service providers and responsible, for example, for UBS's entire procurement activities, and the cloud computing provider Snowflake are also moving into offices at the new Westhive location.

The office space at Westhive Geneva as well as the restaurant "La Kitchen" and the conference center are now available to all interested parties for workspace and meeting room bookings.

---
